

GREENING THE STATEHOUSE 2022:

NONPROFIT SPONSOR

HEC's Greening the Statehouse (GTS) is the largest annual gathering of environmentally-minded Hoosiers in Indiana. It is a chance to learn about the leading environmental issues in Indiana and network with experts and advocates from across the state. This year we are celebrating the **50th** year of the Clean Water Act and our **15th** GTS conference. Our Keynote Speaker this year is Robert Bilott a tenacious environmental lawyer who wrote the book, *Exposure: Poisoned Water, Corporate Greed, and One Lawyer's Twenty-Year Battle Against Dupont*. This inspired the major motion picture, *Dark Waters* (November 2019), featuring Academy-Award nominee Mark Ruffalo as Bilott. This will be our largest GTS yet and our first in-person GTS since 2019! This special pricing option is to make sure our fellow non-profits of any size can participate in this event.
